

GCG-IAPT ANVESHKA Center

Dr. Ghali College, Gadhinglaj

Run by National Anveshika Network of India (NANI)

INNOVATIVE LABORATORY FOR DEMO AND MODEL BASED TEACHING

=====

REPORTS

=====

Activities Run by Center:

- 1) Demo experiments presentation for school children and school teachers.**
- 2) More than 570 demo experiments developed at the center.**
- 3) Class wise demo and hands on activities developed and taken each year.**
- 4) Science Teachers workshop cum training programme for each year.**
- 5) Workshops on designing experiments for B.Sc. students and training to present demonstrations in front of school children.**
- 6) Each year our B. Sc. Students visit at least 20 schools to present demonstrations.**
- 7) Workshop for school children each year.**
- 8) Sky watching programme.**
- 9) Small projects for students.**
- 10) Skill based all India level experimental test (NAEST) conducted for each year in two different parts consisting part I for school level and part II UG and PG level.**

Year Reports

Academic year 2015

NAEST 2015 conducted.

GCG-IAPT Anveshika Center, Dr. Ghali College , Gadhinglaj

Report of Programme

1) Name of the programme: One day Workshop for School Science Teachers

Venue: Department of physics, Dr. Ghali College, Gadhinglaj

Date and Time: 16/7/2015 Time 11.00 am to 4.30 PM

Details of the Programme: GCG –IAPT Anveshika center organize workshop for science teachers from nearby schools each year. This year we organize the workshop on the subject “**How to choose and do the science projects for school level children**”. There are 52 science teachers from Gadhinglaj, Ajara, Chandagad and Bhudargad Tahsil were participated. The programme was inuagrated by Principal Dr. Mangalkumar Patil and Dr. Satish Ghali Director of the Institute present as a chief Guest.

After the inauguration programme, in first session Dr. S. A. Masti delivered a lecture on “How to use internet for basis of Science projects”. In this session number of projects was directly discussed with the help of internet. He also presented the knowledge of How to collect the data of weather, temperature, rain, solar flairs, solar cycles and many more. He also explains how to use this data to carry out the certain type of project. For example, one can use the data of rain fall and temperature at any place on the earth from the website <http://www.wunderground.com/> and after manipulating this data how to carry out the project for school children. He also pointed out the various terms related with the project which can be very easily understood by students.

In the second session, the Guest lecture on “ Understanding the scientific concepts through science projects ” delivered by Dr. Satish Ghali. In his speech he presented the information of importance of doing projects and presenting in different exhibitions. Students are very interesting to do science projects but they need inspiration and guidance. If teachers inspire a student then himself students can do the projects with the help of his friends. He can understand the scientific concepts as well as the skills like group discussion, presentation, expressing his concepts etc . In

his speech Dr. Ghali put many examples and concepts of projects. He said that need based projects are necessary to carry out by using the science concepts.

In post lunch session, all teachers are called for group discussion and asked to present at least two project ideas by each group. This is an excellent work. All teachers participated in the discussion and a leader of each group presented the group project.

Before the ending of the programme all the teachers visited the Anveshika center of the college where number of experiments was exhibited. Some of teachers are also shown interest to develop such type of center in their schools. After a simple valedictory function the workshop was ended by providing them attendance certificates. This programme was organized in association with National Children Science Congress.

Guest Lecture by Dr. Shivanand Masti

Participants Present in The workshop

2) B.Sc. Students Demo Programmes at Various schools in the region

The total number of programmes conducted by Anveshika Center on Celebration of International year of Light in different schools, colleges and conferences are 66. The number of students benefited by our programme is more than 6000. There are number of schools who have neither laboratory facilities nor libraries to read the books to the students, also we visited two schools of differently abled students it is tremendous challenge for us how to communicate with them but teachers in their schools helps us they translate what we say in their expression language. There are 23 remote schools where there is no direct roads to reach and bus facilities. But our college students enthusiastically walk 3 to 4 KM and presented the experiments in front of students. They feel very great.

Students Group formed for Demo Programme

Sr. No.	Group Number	Name of Students	Mobile Number	Number of Programmes Conducted
1	Group I	Suraj Raijade Yuvraj Lokhande Parashram Rajgole	8390057083	20
2	Group II	Chetan Taral Mayur Shewale Suraj Kumbhar	9096353500	18
3	Group III	Kadarbhai Najir Dattatray Sutar Shivaraj Patil	9421165153	13
4	Group IV	Sandesh Shirsagar Amar patil Sagar Kalgonda	9545937695	12
5	Group V	Pranali Deasi Archana Patil Prinyanka Manture Pooja Navalgi	9552164811	3
Total Programmes conducted				66

(The number still increasing as students perform more programmes on request of Schools)

[We also involve the students from the other (Shivaraj College) college, on their request]

Programmes at Differently abled School (Depth and Cannot speak)

**Programme at IAPT Annual Convention
of RC-8**

GCG-IAPT Anveshika Center, Dr. Ghali College, Gadhinglaj

Report of Programme

1) Name of the programme: A Series of Lecture on Light properties and Light based technologies

Venue: Different Schools in Gadhinglaj , Ajara Chandgad Tahshil and Nipani in Karnataka

Date and Time: Nov.15 to December 18, 2015

Details of the Programme: To celebrate the International year of Light 2015 (IYL 2015) GCG-IAPT Anveshika Center Gadhinglaj organized a series of Lecture to popularize the Light based technologies and importance of light. The co-ordinator of the Anveshika center Dr. Shivanand Masti delivered 17 lectures in different schools and colleges. In each lecture of Dr. Masti, there is a power point presentation and some of the simple light experiment demonstrations. The list of schools where the programmes were organized is listed below.

Sr. No.	Place	Name of the School/College	Number of students	Date
1	Uttur	Parvati Shankar Vidyalaya, Uttur, Tal- Gadhinglaj	250	29 Oct 2015
2	Aurnal	Parvati High School, Aurnal	90	30 Oct 2015

		Sawantwadi, Dist Sindhudurg		
14	Begawade	Sri Laxmi Highschool, Begawade, Tal- Bhudargad	45	17 Dec. 2015

Through this programme more than 1400 students benefited. We now plan to organize students demo programme. The villages/ highschoools are chosen such that there is problem of science Laboratory and other facilities. The remote region students are found to be very enthusiastic as well as eager to learn more knowledge. The program was organized in association with Marathi Vidnyan Parishad. Some of the program photos are presented below.

GCG-IAPT Anveshika Center, Dr. Ghali College , Gadhinglaj

Report of Programme

1) Name of the programme: Two Days Workshop on “Light based Experiments” for Students

Sponsored by IAPT RC-8

Venue: Department of physics, Dr. Ghali College, Gadhinglaj

Date and Time: 29/12/2015 and 30/12/2015

Level- UG

Number of students Present -156 from surrounding nine colleges

Details : Two days science workshop for UG level was organized on 29th and 30th December 2015. In this workshop our trained students presented their light based demo experiments and myself Dr. Shivanand Masti Presented PPT and other demo experiments. There were 156 participants from nine different colleges and 12 teachers.

1) Name of the programme: Celebration of National Science Day

Venue: Department of physics, Dr. Ghali College, Gadhinglaj

Date and Time: 26th February 2016

Level- UG

Number of students Present -334

Details : The programme was organized in association with Dr. Ghali College, Gadhinglaj. Shri. Dayanand Devmore inaugurated the programme and present their speech on **“Secret Nitant Sundar Jevanache (Secret of peaceful life)”**. Followed by the inaugural function there is science exhibition in our Department, where 23 experiments presented and also a poster presentation on “Gravity Waves”.

GCG-IAPT ANVESHIKA, Dr. Ghali College, Gadhinglaj Dist Kolhapur

Programs in 6 months: (December to March)

S.No	Date	Title of programme	Nature of Programme	Resource Person	Participating Teachers		Participating students		Financial Assistance from NANI
					No.	Level	No	level	
1.	23/12/2014	Demo Experiments	Hands on activities for students	Dr. S. A. Masti Dr. S. K. Nerle	--	---	105	Up to 10 th STD	None
2.	3/1/2015	Physics Experiments Demo presentation	Demo Programme in Bal Vigyan Samelan, Nool.	B. Sc. Students from Dr. Ghali College, Gadhinglaj	5	--	More than 900 students visited to our presentation room	Up to XII STD	None
3.	20/2/2015	Sky watching programme	Sky observations and use of softwares for sky watching	Dr. S. A. Masti	13	High school	135 students	Upto X STD	None
4.	26/2/2015	Guest Lecture	Lecture on "Vedh Vishwache"	Dr. Nitin Shinde Islampur, Sangli	24	UG level	256	UG and PG level	None

Dr. S.A. Masti

GCG- IAPT Anveshika Co-ordinator

Academic year 2016

- 1) NAEST 2016 conducted.

Short Highlight:

- 1) Essay competition for UG level and teachers level organized and finally 13 Essays from UG level and 2 essays of Teachers were submitted to Prof. K. Joshipura.
- 2) The screening test were conducted at four different places and 347 students from 23 schools and 234 students from UG level participated from number of places from Maharashtra.
- 3) On day science teachers workshop was held in Department of Physics Dr. Ghali College, Gadhinglaj where 46 teachers participated.
- 4) At our place we are going to organize four Bal vigyan Sammelan at Uttur, Nesari, Nool and Ainapur in Gadhinglaj Tahsil of Kolhapur District. In each Sammelan we planning to put science research project competition. For that purpose Our Anveshika center is going to organize guidance workshop for school level students on “How to do the research project” in which the content of the report as well as we are providing the different topics related to the village problems and activities. They will form 2 to 3 students group and carry the data collection either experiment, survey or Interview and questionnaire method they analyse the data and discuss the results and make some suggestions. The report will be submitted to the either of above four Bal Vigyan Sammelan or can participate in all places. These

Bal vigyan Sammelan will be held in First week of December. Now we are going to organize workshops at all centres so that surrounding schools and students will benefit and maximum number of groups will participate in the Sammelan. These Bal vigyan Sammelan were organized in Association with Marathi Vigyan Parishad Gadhninglaj where I am co-convener.

- 5) A poster presentation on occasion of Dr. Abdul Kalams First Anversary on 15 Sept 2016.**
- 6) We are also planning to carry B.Sc. students demo programme at different schools after sanctioning the proposal from you.**

2) Nool Bal Vigyan Sammelan (5/12/16)

2) Uttur Bal Vigyan Sammelan (7/12/16)

GCG-IAPT Anveshika Center, Dr. Ghali College, Gadhinglaj

One day workshop on “School Bag- Laboratory”

Report of Programme

Name of the programme: One day workshop on “School Bag- Laboratory”

Venue: Dr. Ghali College, Programme Hall

Date and Time: 16th Dec 2016

Details of the Programme: GCG- IAPT Anveshika Center Gadhinglaj in association with Indian Association of Physics Teachers RC-8 organized one day workshop on One day workshop on “School Bag- Laboratory”. In this workshop more than 100 students from seven different schools were participated. The programme was inaugurated by Principal Dr. Mangal kumar Patil. The programme Chief guest was Prof. Vivek Wagh from Nagpur (President, IAPT RC-8) guided the students to construct the number of different sets of experiments by using school bag materials. He also demonstrated how to build balance and how to measure the density, volume, Buoyancy force etc by using the balance. He also carried out the experiments with multimeter and students used multimeter for different readings like body voltage, cell voltage, different resistances capacitors etc. Overall the full day workshop was successful and students learn many terms like volume, density, voltage, resistance, ECG etc. In the last session students expressed satisfaction with the programme and also recommend organizing more in future. The co-ordinator Dr. Shivanand Masti expressed thanks to IAPT RC-8 for giving opportunity to organize the workshop and hope IAPT RC-8 also provide support in future. The list of schools participated in the workshop are listed below.

1. New Horizon School, Aurnal.
2. Parvati High school, Aurnal.
3. Jagruti High School, Gadhinglaj.
4. Kilbil English medium School Gadhinglaj.
5. Girls High School Gadhinglaj
6. Sadhana High School Gadhinglaj
7. Creative School, Gadhinglaj
